Internship Certificate

This is to certify that Zhiheng Li, born on _____, a student majoring in Mathematics at the University of Minnesota Twin Cities, completed an internship at Shanghai Huaruizhongxin Technology Co., Ltd. from 3/8/2026 to 2/9/2026, serving as an Software R&D Engineer. During the internship, he contributed to the design and optimization of time-series data-cleaning algorithms for online monitoring of energy use and carbon emissions. His work included historical trend modeling, anomaly detection for cumulative measurements, missing-data imputation following communication interruptions, real-time point-by-point processing, and performance validation. He demonstrated excellent performance throughout the internship.

This certificate is hereby issued.
